

3 THINGS TO WATCH IN 2021. AFRICA

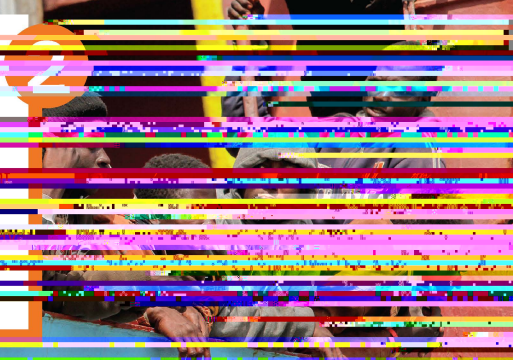

1 COVID-19 Recovery

The continent's economic price, lower, retail prices and rising investment. Africa's health and economic recovery.

2 Horn of Africa: Volatility & Competition

Emerging powers may be on the move in the region. Ethiopia's navy is looking for a role in the Indian Ocean. Rivalries toward reform ripple beyond the region.

3 Africa's Green Future

By embracing green energy in tackling climate change, Africa can lead the world in reducing emissions.
